RESPONSE AND REQUEST FOR RECONSIDERATION

Applicants have submitted a Terminal Disclaimer in compliance with 37 C.F.R. 1.321(c). Applicants request the Examiner to reconsider the present application in view of the Terminal Disclaimer and following remarks.

Claims 19, 33-38, 40 and 42 have been rejected on the ground of non-statutory obviousness-type double patenting as being unpatentable over claims 1-23 of U.S. Patent No. 6,224,642 (Daly) in view of U.S. Patent No. 5,503,645 (Jung) and EP 869163. Applicants respectfully traverse this rejection.

The Applicants respectfully submit that the non-statutory obviousness-type double patenting rejection in the instant case should be withdrawn because Applicants have filed a Terminal Disclaimer in compliance with 37 C.F.R. 1.321(c) to overcome the non-statutory obviousness-type double patenting rejection. In light of the Terminal Disclaimer, which disqualifies Daly as prior art; the secondary references, JP 58117282, Jung and EP 869 163, are no longer relevant prior art. Applicants respectfully submit that the claimed invention is novel and not obvious and the rejection should be withdrawn.

For the foregoing reasons it is submitted that the present claims are in condition for allowance. The foregoing remarks are believed to be a full and complete response to the outstanding office action. Therefore an early and favorable reconsideration is respectfully requested. If the Examiner believes that only minor issues remain to be resolved, a telephone call to the Undersigned is suggested.

Any required fees or any deficiency or overpayment in fees should be charged or credited to deposit account 12-2275 (The Lubrizol Corporation).

Respectfully submitted,
THE LUBRIZOL CORPORATION
